

YEQ1-63J

AUTOMATIC TRANSFER SWITCH

Product type

□ Standard: GB/T14048.11 IEC60947-6-1

| Name | Content |
|------------------|------------------------------------|
| Enterprise code | Shanghai Yuhuang Electric Co.,Ltd |
| Product category | CB Class Automatic Transfer Switch |
| Design code | 1 |
| Current rank | 63 |
| Product code | J:Economical type |
| Pole | 4P |
| Rated current | 6A~63A |

Technical parameter

| Type | YEQ1-63J |
|---------------------------------|------------------------------------|
| Rated Working Voltage | AC400V |
| Rated Insulation Voltage | AC400V |
| Rated Working Current | 6A,10A,16A,20A,25A,32A,40A,50A,63A |
| Rated Withstand Impulse Voltage | 4kV |
| Rated Maximum Breaking Ability | 5kA |
| Rated Frequency | 50/60Hz |
| Control Voltage | AC230V |
| Transfer Time | 1.5~3S |
| Mechanical Life | 10000times |
| Use Catagory | AC-33iB |
